**On a Positive Note**

Ben Ramirez, in North Beach, San Francisco is a resident who wanted to not only thank front line workers but help people in his community socialize. He offers free coffee to anyone in his neighborhood which is mainly comprised of doctors, nurses, and postal workers. He encourages people to just stop by if they're not coffee drinkers catch up with their neighbors as North Beach has a very vibrant coffee scene. He hands out about 10-15 cups a day and is "open" everyday from 8 A.M. - 12 P.M. He says it's nice to bring people together and his "customers" are always happy to see each other every morning.

Good News!
